

EM-Motor

Endo motor

CE 0297

Features

- Brushless motor
- Lower noise
- Contra angle: 1:1
- Build-in more than 100 mainstream file systems

Volume level

2000mAh

Dominant hand

Auto return to standby display

Auto-power off time

360° rotation

U.S. imports chips FOC control algorithm

Parameters

Adjustable reciprocating angle
(5°interval, range20 ~400°)

EM-Motor

Speed: 50r/min-1200r/min

Torque: 0.4N.cm-5.0N.cm

Function: Auto start/stop
Apical slow down
Apical action
Reverse protection

Mode: CW、CCW、ATR、REC

Components

Protective Silicon Cover 2pcs

Interoperability

Can be connected to AL-Pex/AL-Pex+
